**HOME CARE ASSOCIATION OF FLORIDA CHOOSES SILVERCHAIR LEARNING SYSTEMS
AS PREFERRED ONLINE TRAINING PROVIDER**

Charlottesville, VA, November 23, 2009 – The Home Care Association of Florida (HCAF), Florida’s premiere home care association, has chosen Silverchair Learning Systems as the preferred online training provider for HCAF. The partnership will bring HCAF members an effective training solution that will help improve operations and reduce costs.

“HCAF is pleased to have formed an Affinity Relationship with Silverchair. We hope providers will find their product to be an invaluable tool for tracking agency-specific training and demonstrating professional continuing education licensure compliance,” said Monica M. Smith, Deputy Director of HCAF.

This new partnership will give HCAF members access to a highly effective and affordable turn-key learning program that delivers, tracks and reports on educational programs for their entire organization. Silverchair’s training program provides a complete curriculum of in-service and regulatory courses required by CMS (Centers for Medicare & Medicaid Services) and OSHA (Occupational Safety and Health Administration), as well as important resident care topics that specifically address the needs of senior care providers and their employees. The program can also be customized to include material specific to an organization.

“Silverchair is excited to partner with HCAF,” said Mike Mutka, President and COO of Silverchair Learning Systems. “HCAF works hard to bring effective programs and benefits to its members, and we look forward to helping Florida home care providers improve their training.”

HCAF has worked with Silverchair to provide this learning management system at a reduced cost for association members.

###

About HCAF

The Home Care Association of Florida was founded in January 1989 and is a non-profit trade association dedicated to serving Florida home care providers and their vendors. HCAF exists to provide representation, communication and advocacy for these providers, and to give them the information they need to deliver high quality, cost effective services to patients and clients in their home.
