**IDAHO HEALTH CARE ASSOCIATION-IDAHO CENTER FOR ASSISTED LIVING CHOOSES SILVERCHAIR LEARNING SYSTEMS AS PREFERRED ONLINE TRAINING PROVIDER**

**Charlottesville, VA, June 1, 2010** – The Idaho Health Care Association-Idaho Center for Assisted Living (IHCA-ICAL) has chosen Silverchair Learning Systems as its preferred online training provider, bringing the association’s members effective training solutions that will help improve operations and reduce costs.

Robert Vande Merwe, IHCA-ICAL Executive Director, said, “We are excited to partner with Silverchair Learning Systems. They have been very supportive of the association and I encourage all facilities to give them fifteen minutes of their time and explore new and exciting ways to engage staff in continuing education.”

This partnership gives IHCA-ICAL members access to a highly effective and affordable turn-key learning program that delivers, tracks and reports on educational programs for their entire organization. Silverchair’s training program provides a complete curriculum of in-service and regulatory courses required by CMS (Centers for Medicare & Medicaid Services) and OSHA (Occupational Safety and Health Administration), as well as important resident care topics that specifically address the needs of senior care providers and their employees. The program can also be customized to include material specific to an organization.

“Silverchair is proud to partner with IHCA-ICAL,” said Mike Mutka, President and COO of Silverchair Learning Systems. “They strive to provide useful resources for senior care providers and we look forward to bringing effective new training opportunities to their members.”

IHCA-ICAL has negotiated exclusive pricing with Silverchair, making the learning management and online training system available to its members at a substantial discount.
