**West Virginia Health Care Association Chooses  
Silverchair Learning Systems as Preferred Online Training Provider**

**Charlottesville, VA, June 8, 2010** – The West Virginia Health Care Association (WVHCA) has chosen Silverchair Learning Systems as its preferred online training provider, bringing WVHCA's members effective training solutions that will help improve operations and reduce costs.

"West Virginia Health Care Association is pleased to provide online training capabilities for our members at a significant discounted rate with Silverchair Learning Systems," said Jesse Samples, Chief Executive Officer of WVHCA. "This is a great opportunity for our facilities and communities to offer training to staff members who do not have the flexibility to be out of the facility for training or who are unable to travel to seminars. Silverchair is easy to use and can be customized to meet specific facility needs."

This partnership gives WVHCA members access to a highly effective and affordable turn-key learning program that delivers, tracks and reports on educational programs for their entire organization. Silverchair's training program provides a complete curriculum of in-service and regulatory courses required by CMS (Centers for Medicare & Medicaid Services) and OSHA (Occupational Safety and Health Administration), as well as important resident care topics that specifically address the needs of senior care providers and their employees. The program can also be customized to include material specific to an organization.

"Silverchair always welcomes the opportunity to work with state affiliates of the American Health Care Association," said Mike Mutka, President and COO of Silverchair Learning Systems. "We're looking forward to bringing effective and fun learning opportunities to WVHCA's members."

WVHCA has negotiated exclusive pricing with Silverchair, making the learning management and online training system available to its members at a substantial discount.

###

**About West Virginia Health Care Association (WVHCA)**

The West Virginia Health Care Association (WVHCA) is a trade association representing long term care providers in West Virginia. It is a state affiliate of the American Health Care Association and the National Center for Assisted Living (AHCA/NCAL). The WVHCA has 135 member facilities that include nursing homes, assisted living communities, and hospital-based skilled nursing facilities. For more information about WVHCA, visit: [www.wvhca.org](http://www.wvhca.org)

**About Silverchair Learning Systems**

Silverchair Learning Systems works with senior care leaders who want to improve the training process in their organizations. Silverchair offers a user-friendly online training solution that improves compliance and eliminates record keeping headaches, while saving time and money. We make online training successful with easy set-up, ease of use, simple tracking, and educationally-rich yet fun courses. Using this system provides peace of mind and confidence.
